

NEW Cascade Bicycle Club Membership/Renewal Form

side 1

New this year: Supporting and Contributing memberships provide extra support for club programs, including political work: lobbying for cycling and working to get bike-friendly politicians elected. Memberships are not tax-deductible due to the political work.

To support non-political education and advocacy work, you may make a separate tax-deductible donation to the Cascade Bicycle Club Education Foundation.

Household and Contributor memberships include all members of the household. Your kids, roomies and partners all share the pride of membership as part of a household. To save paper, the household shares a single copy of printed materials.

Two people in a household may have separate memberships: \$25 + \$25 or \$55 for the household. We hope you'll feel good about supporting the club at the slightly higher level.
